WORK EXPERIENCE

Teaching Fellow, Harvard University

Developed lecture and discussion section materials, graded assignments, assisted in exam development

• Advanced Quantitative Research Methods

Fall 2022

• Models of Social Science Research

Spring 2021

Research Assistant to Professor Alexandra Killewald

September 2018-Ongoing

- Developed several collaborative projects examining the gender gap in pay from 1980 to 2020, from ideation to presentations at flagship conferences and writing submission ready manuscripts
- Project managed and executed data analysis pipelines from data gathering to cleaning, merging, analyzing, and visualizing survey data from secondary sources using R

Research Assistant to Professor Joscha Legewie

September 2019-Ongoing

- Currently working on a project combining administrative, climate, and spatial data to examine how extreme heat and the urban environment affect health outcomes using QGIS and Python
- Combined data from New York City Department of Education and the New York City Police Department to examine the impact of neighborhood policing on minority youth's educational outcomes
